

Coach Bullock,

I can't say it enough but Thank You for everything you did for me! You made Emory such an easier transition. I truly Believe that I wouldn't have had a fraction of the experience I had if I did not get that job in the weightroom. I was so close to going Gardner-Webb University that on the day I signed I flipped a coin heads Emory, tails G.W. I kept that quarter ever since and it's taped in here. Maybe it can give you the same luck I gave me. I am graduated now and next step is grad school to get my Doctorate. All the upper classmen missed/misses you being our coach in the weightroom.

I am working for a Therapy Company now. I am about to move out and life is going as smooth as it can go. I hope you're getting it out there with your athletes.

JUST WANT TO SAY THANKS  
FOR ALL THAT YOU'VE DONE.  
YOU'RE A GREAT COACH!

I hope you and your family had the happiest of Holidays!! Bring in 2020 with a Bang Coach! Miss you Always. Thankful and Grateful for you

Love you!!
